

Specialty Tools

STEELBINDER® TOOLS – ST101

Heavy duty windlass type tensioner for use with stainless steel or black *Steelbinder*® strapping. It features a cutter and hammer knob for wing seal closing. For use with 3/8" - 3/4" wide strapping in thicknesses up to .030". Highly portable, fast, reliable ratchet type tool. For sign hanging, insulation work, general applications, and packaging use.

Catalog No.	EDP No.	Description	Weight (Lbs.) Each
ST101	01101	<i>Steelbinder</i> ® Tensioner	3.0

STEELBINDER® TOOLS – ST111

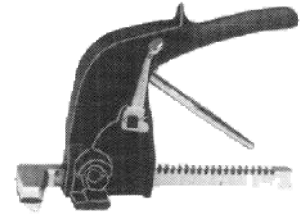

Short Handled version of the Model ST101 for use in close quarters which don't permit adequate handle movement. **Ideal for shipyard use.**

Catalog No.	EDP No.	Description	Weight (Lbs.) Each
ST111	01111	Short Handle <i>Steelbinder</i> ® Tensioner	3.0

INSULATION TENSIONER – ST1902-D

Fast, reliable, easy to use tensioner for light duty application with 3/8 - 3/4 x .023 max strapping. Re-settable rack for additional take-up. One hand pistol grip operation is great for insulation and pipe covering use.

Catalog No.	EDP No.	Description	Weight (Lbs.) Each
ST1902-D	01902	Pistol Grip Tensioner	2.5

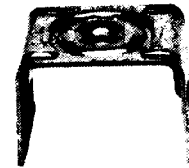

Sign Brackets

Stainless steel and galvanized sign brackets are available for sign mounting, using *Strapbinder*® band or "SC" Econo-Coils of stainless. The brackets are threaded and available with or without bolts/washers.
